Re: Application Number 09/489,739
Sole Applicant/Inventor: David Andrew D'Zmura (independent inventor)
Examiner: Mr. Frantzy Poinvil

Dear Mr. Poinvil:

Contained in this fax is copy of my Amendment which I sent to the USPTO, dated November 19, 2001. Speaking with you, I understood it has not yet made it to your attention, and hence, as we discussed, I am faxing it to you, so that it may be entered in my file. Included is the cover letter to that amendment, which references the check I enclosed to pay for the fees for claims, which to this date has not been presented to my bank for settlement. I understand that your examination of my application, with my substitute specification and drawings, has not yet begun, and I will try to complete its Background and Summary sections so that your examination can proceed with those parts as well. If you are to begin examination before those sections have come to your attention, please phone me to check on their status.

Thank you.

Sincerely,

David Andrew D'Zmura

Filing Date: January 21, 2000
Examiner: Mr. Frantzy Poinvil

Payment of Fees

Dear Mr. Poinvil:

Pursuant to our recent conversation, I understood from you that I owe \$365 in fees to cover my claims on file with you pending your examination. Please find enclosed my check in the amount of \$365 to cover those fees. I understood that no other payment is due. Thank you.

Sincerely,

David Andrew D'Zmura

enc. check #908 for \$365
